EDUCATION

University of Southern California, Viterbi School of Engineering Los Angeles, CA
Master of Science, Computer Science and Game Design | GPA: 3.5 | PlayStation Career Pathways Scholar May 2027

University of California, Santa Cruz, Baskin School of Engineering Santa Cruz, CA
Bachelor of Science, Computer Science and Game Design | GPA: 3.62 | Dean's List, Honors in the Major June 2025

Certifications: [ScrumMaster](#), [AI-Empowered Safe Scrum](#)

Technical Skills: Unity, Unreal, Agile, Scrum, Kanban, Google Suite, Microsoft Suite, ChatGPT

GAME PRODUCTION & DEVELOPMENT EXPERIENCE

Line By Line | Lead Producer Los Angeles, CA
USC Games January 2026-Present

- Produced a **27-person multidisciplinary team**, working to **define tasks, establish milestones, surface risks, and realign work** when priorities or deliverables fall off track.
- Established the team's **progress-tracking structure**, combining **discipline-specific meetings, stand ups, and weekly leadership presentations** to increase **cross-disciplinary communication** and convey **developmental risks**.
- Managed critical narrative-to-design dependencies, encouraging parallel development via a milestone calendar for ample design exploration without putting the core game at risk.

Full Court Uprising | Technical Producer and Programmer Los Angeles, CA
Radical Play Lab October 2025-Present

- Created a **technical design document, milestone calendar, centralized task tracking, and polish pipeline** using Trello/Google Suite after identifying gaps in project documentation and task ownership
- Manage production for a **four-person engineering team, aligning technical priorities** with project milestones while performing **in-engine feature reviews** to evaluate **technical feasibility** and **manage scope**
- Took on expanded **lead-production responsibilities**, driving priorities, milestones, and cross-team coordination.

[Markus's Miasma](#) | Lead Producer and Product Owner Santa Cruz, CA
UC Santa Cruz January 2025-June 2025

- Led an **8-person multidisciplinary team**, coordinating **priorities across disciplines** through **epics, task management, Scrum workflows, and GDD maintenance** until successful launch onto Steam
- Analyzed feedback from 40+ playtesters**, identifying recurring themes and leading iteration discussions to reprioritize features ahead of release.
- Adapted to **changing stakeholder requirements** by **evaluating technical feasibility** and **renegotiating scope**, recommending a mobile build when a requested Playdate Console version introduced an unfamiliar development pipeline and unavailable testing hardware, preserving the intent of the request without jeopardizing release.

ADDITIONAL CREATIVE AND LEADERSHIP EXPERIENCE

USC Viterbi Graduate Student Association | VP of Programming Los Angeles, CA
USC May 2026-Present

- Advanced from **Student Belonging Senator to VP of Programming**, now **supporting a ~30-person senate and directly mentoring a 10-person Student Belonging team** in taking events from initial concept through planning and execution.
- Led production of **events serving 60–200 graduate students, managing budgets, venues, food and supplies** while building schedules around volunteer availability, academic calendars, and other logistical constraints.
- Identified and **resolved blockers** to successful event execution, including relocating the annual senator retreat after recognizing that transportation and accessibility challenges were contributing to low attendance.

UCSC Merrill Programs Office | Event Planner Santa Cruz, CA
UC Santa Cruz September 2024-June 2025

- Designed, coordinated, and executed 15+ community events** promoting student wellness, identity, and engagement.
- Collaborated with campus departments and student organizations to facilitate inclusive programming.
- Collected and **analyzed event feedback from 100+ students** to improve programming effectiveness and strategic planning.
